

COMPANY PROFILE · 2026

LinkedIn Pipeline, on Autopilot.

Done-for-you LinkedIn outreach that fills your calendar
with qualified sales calls, without you lifting a finger.

Your pipeline shouldn't cost you this much.

01

10+ Hours Lost Every Week

Founders and sales reps waste entire days manually prospecting, writing messages, and chasing follow-ups on LinkedIn with inconsistent results.

02

In-House SDRs Are Expensive and Slow

Hiring, training, and managing a sales development rep takes 3 to 4 months and \$5,000+/mo before a single meeting is booked. Most never hit quota.

03

Generic Outreach Gets Ignored

Spray-and-pray messaging damages your reputation, burns your account limits, and fills your inbox with "not interested" replies instead of booked calls.
